

We look forward to meeting with your boss or staff next week as part of the AIPAC Congressional Summit. Below my signature is our agenda for the meeting along with some background materials.

Please let me know if you have any questions.

Director, Policy and Government Affairs

Stand with Israel

- We will urge your boss to stand with Israel as it works to defend its people from Hamas and Iran's other terror proxies.
- We will urge the representative to continue demanding the immediate and unconditional release of all the hostages held in Gaza.

Support Security Assistance to Israel

- We will discuss with the representative the urgency of passing the \$14.3 billion emergency assistance package for Israel and the annual \$3.8 billion for security assistance and missile defense cooperation.
- We will urge the representative to express to their leadership the urgency of passing an emergency aid bill that can reach the president's desk and be signed into law.

Support Increased Enforcement of Iran Sanctions

- We will discuss with the representative Iran's rapidly advancing nuclear program and urge them to cosponsor the Iran Sanctions Enforcement Act (H.R. 6201). Authored by Reps. August Pfluger (R-TX) and Jimmy Panetta (D-CA), the bill provides vital new tools to the administration to seize Iranian assets — including Iranian oil shipments exported in violation of U.S. law.
